Regarding:

Beattie B. Ashmore
Receiver, Wilson-AB&C

Dear Judge Childs,

I strongly disagree with the motion to approve the plan for claims. I hope that the court will decide what is just, and do what is right for the victims involved.

I am an only child, and my Dad, Jay Posner, was killed in a car accident last year. My Dad and I were very close, and the \$250,000 (two hundred and fifty thousand dollars) was all the money we had in our whole family. My Dad had only six thousand dollars to his name when he died, and I have all the

documentation from his bank to prove it. I am just getting by, and I live in an approx. 200 sq. ft. studio apt., and I have the documentation to prove it.

My Dad did make a withdrawal of about ten thousand dollars before he died, and I feel very very very very strongly that it is very wrong that we would get a penalty for that. Please consider that it seems irrational, unfair, and unthinkable to me. I am single and wish to get ahead in life, and mean men who steal should not push women down anymore. I know you are wise and will do what is right and just. !!!
THANK-YOU!!!

Sincerely
Cindy Posner
